Dear Mr. László,

Thank you very much for your kind letter.

I should like some of your portraits for reproduction in the high-class illustrated papers, and especially the ladies' papers; also for the type of magazine as "The Woman at Home". The latter has a large circulation in America. I am now engaged on an article for them entitled "Beautiful Portraits of the Year".

As to those I should like best, they are
H.S.H. The Duchess of Teck
Lady Alexandra Beauclerk
Baroness Mey de Tuyll
H.R.H. Princess Andrew of Greece
Lady Selina Hervey

It would give me great pleasure to come one day to your studio.

Thanking you for your courtesy,

Believe me to remain,

Yours sincerely,

Paul Belloc-Louvet
