Dear Pisglo

I have seen Mr East who is advised that the Memorial to the Prime Minister should be sent by post addressed to his Private Secretary. This has now been done and in a letter enclosed with it I have said that should there be any points upon which he requires further information, I shall be pleased to wait upon him at whatever time he may arrange to see me.

With kindest regards

I remain

Yours truly

T. Watts Gage.

P.S. Mr East only returned to Town to-day
