Dear M. de Hászli,

My mother has just
told me of the most beautiful present
that you & your wife are going to
give me, & I do not know how
to thank you enough nor tell you
how I will appreciate it & value it
throughout my life. It will be a

10 YEARS

great honor for me to sit for you
& I am at your disposal any
time you will let me know when
to go to your studio.

I really cannot thank you properly,
but I know I could have no more
beautiful present than one of your
pictures.

We all love the portrait you did of
Harry - It is such a beautiful picture
& could not be a better likeness.

Again thank you & your wife a thousand
times for your present.

Hoping to see you on the 19th

Yours Sincerely

Katherine H. Seligman.
