Dear Mr. Laszlo:

It seems quite certain now that the Knoedlers will make the desired arrangement. It will be easy to settle the matter finally when you arrive.

For two days I have been extremely busy going to press, and this matter has been attended to for me by my friend Mr. Ernest Knaufft, who writes for our magazine on art questions and is always helpful. If this note should miss you I will report the matter to you at the Waldorf when you arrive.

Sincerely yours,

Albert Shaw
