My dear Friend
By the Courier of the Legation
I have received today your
splendid Album and I cannot
omit expressing you imme-
diately what a great pleasure
it was for me to have at last
the Album and have before me
the marvellous collection.

M. Kir. Allami Rend. Budapest, 1909.

I think that my letter sent from Koros and Yours which I had the pleasure to receive here at my return were proving me on other.

Many thanks for the post-c. & reproduction of the portrait of the ~~Perse~~ Noailles and for the coming from Irish Independent with the portrait of O. Vay. I think that he has the intention to retire himself entirely into a convent.

For the holidays I will go to Koros! I think that Carter shall reunite ^{at} your dear family and I send You my best wishes and greetings and respectful homage to M^{rs} de Laigle.

In love and with very sincerely yours

J. Forster
