MINISTERELNÖKSÉG

Budapest
3. November 1928.

My dear Philip!

I just received the November Number of Woman's Journal, and we all admired very much the beautiful portrait of The Marchioness of Milford Haven. It is most beautiful in coloring and very noble in pose. I must very heartily congratulate you for this new success. Charlie and I, we went yesterday afternoon to pay a visit to the old Journalist Veteran Lajos de Rákosi in his villa on the Naphegy. The old Gentleman is celebrating on the 10th of November his 86.th birthday. He was received by Gyroglini and he wrote an article, which did not meet the approval

of the legitimists in the King's Court
Count Bethlen. The Prince Umberto got a bad
influenza. He can't receive anybody for
two weeks. Now he is already better. I just
got a telegram from Sam Guinness telling
me his friend Vickers is arriving to-day to
Budapest. I shall look after him. I like
very much the sketch you made from Rakosi.
It is very characteristic. I remain now in
Budapest. My wife and Charlie are going
probably in January to Saint. Moritz.
I am very busy in my office, as I got
in August the appointment, State-Secretary.
The Report received me other day in a
long audience and I thanked for their
favour. Hope you are not tired from your
busy days in Paris. Good night I would be
to see your recent pictures in April in Paris.
Our best wishes to dear Lucy. Do believe
me to be yours very truly
The Latorakys are now in London.
