Dear Mr de Lacylo

The letter from your secretary & the enclosure I received this morning - has staggered me - What am I to say - or do - My efforts were so poor - and without the Master's hand - would have been worthless - I feel I must look upon it as a gift - which I am sure I do not deserve, & to say thank you fails

To express my great
appreciation of your great
generosity - which has
touched me more than
I can say.

I sincerely hope in the
future, I shall be able
to reciprocate in some
small way - for all your
kind thoughts and the
many kindnesses I have
received from you

Again many many thanks

Yours sincerely

Sydney P. Kerwin
