Stoke Newington Works:

My dear Philip:

Forgive I never wrote to thank
you & your dear lady for
putting me up on The

Night. Now I enclose
last Saturday's Times at
least a part of it: for
there is an article on

John Glover one of the
founders of the N. S. B. A.

Most interesting I wonder

if the society has any of
his work or what price
it fetches now: By the
way did you see the
Times criticism on the
"Show": almost kindly
if a bit a priding but
you do get the praise for
having got a work on:
So cheer up: - I love seeing
Paul & his pal at Westminster
your ever
Dick
