

17th September, 1938.

Dear Lady Chilton,

I wish to acknowledge with thanks your letter dated August 29th, with your signature and those of Count Klebersberg and Count Széchenyi.

Regarding the lottery you intend to hold in Budapest, it will give me great pleasure to offer the Committee a work of mine for such a noble and useful purpose as to help the Hungarian artists in distress.

May I ask you kindly to let me know when the lottery will take place, so that my work will arrive there in good time?

I remain,

Yours sincerely,

The Viscountess Chilton,
British Legation,
Budapest.
