Dear Mr. Lacroix

LE CALME
PARC CORDIER
N° 3-64
TROUVILLE-S-MER
CALVADOS

I have much pleasure
in informing you of the safe arrival
of my portrait from London. I am
however much surprised to see that
the glass with which it had been framed
has been removed - Back whose
address you gave me in 1911 framed
the picture for me with plate glass
(not ordinary window glass) measuring
74 by 45 inches - I should be much

obliged if you could make inquiries
so that the glass can be returned
to me, safely - Had I known
it were necessary to remove it,
I would have done so before
sending you the picture, so as to
be able to replace it on its return.
I was delighted to hear such
unanimous praise in favour of
your exhibition both from the public
and from friends & I congratulate you
heartily on your success.
Yrs sincerely
Wm Lloyd Garrison
