My dear Mr. de laszlo.

May I Congratulate
you on your exhibition of
fascinating portraits, each
one more perfect than the
last? I could have spent
hours looking at them,
and wanted so much
to see you, to tell you how
lovely I thought them, but

could not find you in the
crowd. Again a thousand
congratulations and good
wishes.

Yours very sincerely
W. Williams

Thank you so much for
lending us such a nifty
but fascinating portrait as
a "stop-gap"!
