My dear Mr de Laszlo

I greatly enjoyed your wonderful exhibition today. I took the opportunity of asking Baldry to write an account of it for me for the Studio & the following are the examples I should like to reproduce—

No 6 Princess Louise

" 28 The Duchess of Portland (in colour)

" 42 The Lady Forbes.

" 41 The Earl of Balfour

" 49 Mrs La Comtesse Jean de Castillane

" 68 Lady Mary Stewart

" 69 Study of an Arab.

If you have any photographs of the above I should be very glad to have them & the remainder I will arrange to photograph if you agree—

With kind regards

Yours very sincerely

Arthur

P.S. My wife wants me to say how sorry she was to miss the private view, but she will see the show any how before it closes—
