GORHAMBURY,
ST ALBANS.

Dear Mr. de Laeghe.

I see that you are having your exhibition of pictures this month. If you would like to have the lady in black, you will I hope not hesitate to ask for her. This does not mean

that I shall be disappointed if she is
not included.

How has life been using you &
Mrs de Laszlo and the boys? I expect
you are terribly rusted between work &
play, and no day is long enough for what
you want to do. I hope you have not
forgotten all my excellent advice, "It is better
to be great than rich" and other wise
