Dear Mr. de Laszlo,

I think it well that we should now proceed with the details of the exhibition. The card, I presume, is to be like the last one, and would you like me to get you samples of covers for the catalogue? I have got in various small samples of hangings, and also felt for the floor. These I will send up to you if you wish, so that you can see the colours, and then we will get in a large piece of the material and see whether the choice looks well on a large scale.

I am afraid I have been rather remiss in not sending you the letter you asked for, as I promised, as to the terms of the exhibition, but I have been so occupied recently that I have not had a moment to give it my attention. However, I will see that this is sent you within the next few days.

With kind regards,
Yours sincerely,

H. Wallis
