Dear Mr. De Laszlo

I enclose to you a note that I have received from Messrs. Colnaghi together with a photo of the picture. They ask for my approval.

I think you will agree with me that the photograph is much too dark. All the details of the background, which I think are so distinguished & refined are entirely lost, thus depriving the picture of much of its character.

Please be so kind as to give me your candid opinion.

Yrs. sincerely
Hardinge 570.
