

4 Belgrave Place.

18 March.

Dear Mr. Laszlo.

Many thanks for your letter.
I am leaving for Madrid on Sunday
& will take the copy of the Ladies Field
with me for the Queen.

I think the Vanderbilts are leaving
for Europe almost at once, so there
is no chance of your seeing them.

In Washington do get in touch with
Mrs. Nicholas Longworth (nee Roosevelt)
she is a weird woman but most
intelligent & unconventional.

In the Catalogue war I pointed out
that Lord Lansdown & myself should
be named "most Honorable" & without
any prefix. "Right Hon" is for ranks
lower than that of Marquess.

I have ordered a quantity of photos
of my portraits which are much admired.

My kind regards to Mr de Long's.

Yours sincerely
