My dear Pauli.

Please give enclosed to Stef.
Immediately after lunch today we
are going in the car to ~~Bag~~ Cumbria.
Pat is coming too. We shall now test
how many miles the car does per gallon
as we have been disappointed in the present
figures - about 9 miles to a gallon!!
Don't mention this matter in your letter
home, I don't want Dad's worried - we have

got Mr. Hedgecock (!?) on to the matter, & this
long run today will be a good test.

Shall only stay the night, return tomorrow
after lunch. M. leaves alas! on
Monday. She is v. sad, I have no
one as yet to replace her.

I'm just now going to pack up -
Dear Paul boy, how long it will be
to leave you with us! or my dear
Prof! I'm longing for a fresh air
~~letter~~ blow for our jaded town faces!
tell me about your feet ??
Hugs + love Mum.
